
11. OPERATING MACHINERY OR EXHIBITS

- Machines/exhibits with moving parts must be fitted with safety devices and these safety devices may be removed only when the machines are not in operation and not connected to the source of power.
- Motors, engines or power driven machinery should not be used without adequate protection against fire risk.
- All pressure valves or equipment under pressure must conform to safety standards and regulations. Approval for its use is required from the Organisers.
- Organisers reserve the right to determine the accepted noise level and extent of demonstrations for operating exhibits in the event of justifiable complaints from other Exhibitors. In the event of high level of noise or any objectionable factors, such demonstrations may only take place at the time stipulated by the Organisers, who also reserve the right to terminate a demonstration at any time.
- Demonstration of equipment emitting hazardous chemical and fumes is not permitted. Exhibitors must ensure that no naked, unprotected flame is used in any demonstration in the exhibition premises.
- Exhibitors must make provision for dust extraction units, wherever necessary, for demonstration of the machine.
- Organisers reserve the right to disconnect the electrical supply to any installation which in their opinion is dangerous or likely to cause a risk to visitors or other exhibitors.
- Arms and ammunition, explosives, contraband and/or other goods prohibited by Indian law, will not be allowed inside the venue.
- Materials received beyond dead lines may not be permitted in the allotted area. (may be a special area for late arrived materials will be considered)

12. SITE HANDLING AGENCIES

Handling of exhibits at exhibition site i.e. unloading, unpacking, placement of exhibits in stand, re-packing and loading etc., shall be the sole responsibility of the agencies appointed by the Exhibition Organiser. Any other agency is not permitted.
