

CII

Impact of COVID 19: 'CODE OF CONDUCT' for Voluntary Adoption by CII Members [Valid for 12 weeks]

As we grapple with the crisis created by the Covid-19 outbreak and the subsequent lockdown necessitated by the need to contain the spread of this pandemic, CII is taking various steps and initiatives to support the membership, in areas like policy advocacy, disseminating information, helping with sourcing medical equipment, setting up a Fund for relief and rehabilitation activities, etc.

While the Government and institutions are doing their bit, we must also individually contribute to mitigating the effects of the crisis, focusing particularly on the human element.

CII has drawn up a Model Code of Conduct for us, as businesses, to abide by to take care to minimize the human and social impact of the pandemic. I would request you to kindly consider being a signatory to this Code and join us in collectively dealing with the crisis. [Read more](#)
