<td>Mr. A. K. Dashora</td>
<td>Vice President</td>
</tr>
</tbody>
</table>

At the end of the marketing presentation, each company was allotted a table in the conference hall, in which they had their company brochures, samples etc., Several German companies interacted with them individually for possible business opportunities. TAGMA is expecting feedback from the above companies about the conference. This is very important, as it will help, when organizing such seminars in future for improvements.

For the whole of the conference it is noted that there were about 120 registrations from German side and from TAGMA 4 keynote speakers plus a delegation of 16 TAGMA members plus 4 officer bearers, including President, Vice President, E.D. and Sr.Dy.Director. Hence the total attendance was around 144.

The delegation travel arrangements were entrusted to our regular Tour Operators S.O.T.C. TAGMA took all efforts in making this international conference highly successful.

Forum Indien, under the guidance of Ms.Friedrike Suess has done an excellent job in organizing this event with lot of efforts with several months of preparations.

It is possible to repeat this exercise at another opportunity, if all our TAGMA members give their full support.

Mr. R. Srinivasan, Vice President and Mr. Y.R Anand, E.C. Member are the Members of the organizing committee for Forum Indien on behalf of Tagma.
